

# Build wealth.

**We create value and wealth by helping clients find opportunities to minimize risk, maximize profits, and protect and grow assets.**

At Berntson Porter, we understand construction—the players and the tax laws, so we can help clients gain a competitive edge and seize opportunities for building wealth.

Our specialists can guide you through:

- Managing state and federal tax costs & benefits
- Strengthening and maintaining key bonding and banking relationships
- Strengthening connections to attorneys, sureties, insurance and other professionals
- Cost segregation services
- Integrated estate planning for business owners
- International tax services
- Analyzing and utilizing new accounting methods
- Energy efficient building incentives
- Research & development tax credits
- And more.

Navigate the construction world effectively. Let our expertise and longstanding relationships help you reduce and manage your taxes so you can build wealth.
